

SLIDES 2 PC 35MM SLIDE AND FILM SCANNER

Bring your old
pictures back to life!

FEATURES

- Transfer 35mm negatives and slides to your computer
- High-resolution 5MP scanner
- Fast, one-touch scanning takes just one to two seconds
- Single-cable USB computer connection
- Portable design with ultra-small footprint
- Includes easy image-transfer and editing software

SLIDES 2 PC makes it easy and fun to rediscover your 35mm film negatives and slides on your computer. Incredibly fast, one-touch scanning and a single-cable connection make SLIDES 2 PC perfect for archiving your memories, your family's memories and your friends' memories!

If you're like one of the millions of people who have boxes of slide carousels in the attic or a stack of those little yellow boxes in the kitchen, SLIDES 2 PC is perfect for you! Don't know what happened to your projector? Don't know where to buy a replacement bulb for your projector? SLIDES 2 PC eliminates the hassle and brings those memories of family dinners, graduations, vacations, and joyous occasions back into your life.

Just install the included software on your computer, and connect SLIDES 2 PC using the attached cable, and you're ready to reacquaint yourself with your old pictures! SLIDES 2 PC is a high-resolution, five megapixel scanner that captures all of the color and detail in each one of your slides or negatives. Color or black and white, slides or film negatives, SLIDES 2 PC does them all!

Don't let your memories collect dust or turn yellow one day longer!

Enjoy them every day and share them with SLIDES 2 PC.
